

3H Communication Systems

An ISO-9001 Company

DO NOT SACRIFICE SIZE FOR PERFORMANCE

3H PICO FILTERS ARE THE SMALLEST AND MOST SELECTIVE CUSTOMER FILTERS ON THE MARKET TODAY

3H Miniature filters **NOW** offered from **40 MHz to 19.0 GHz** with sizes starting at **0.65" x 0.20" x 0.060"**

3H Miniature Filter Specifications

- Frequency Range: 40 MHz to 19.0 GHz
- Bandwidth: 3% to 100%
- Selectivity: Up to 60 dB (10 Sections with cross coupling). Additional selectivity available pending engineering approval

3H's Miniature filter products meet today's military and commercial harshest environments and can be designed to meet the Mil-Std conditions. Our ruggedized filter products offer low passband insertion loss and steep rejection parameters designed and manufactured to **YOUR** electrical and environmental specification requirements. The filters are available **with** and **without** RoHS.

3H offers a complete line of filters from DC to 50 GHz
